

OUR IMPACT 2024-2025* ACCESS TO HEALTHCARE

Transaid is an international development organisation that transforms lives through safe, available, and sustainable transport.

Our partner-led approach to improving access to healthcare includes establishing emergency transport systems (ETS) and strengthening health supply chains in collaboration with local partners and governments.

1,735

factsheets and stickers focusing on topics such as HIV/AIDS

awareness and cargo security distributed in and around the Mombasa port, Kenya

20

bicycle ambulances built and delivered in Zambia
